

Intro to Facilitating Virtual Meetings

Delivered Virtually Via Zoom: February 24, 2021

Workshop Overview

Virtual meetings are an absolute necessity for geographically dispersed teams who need to collaborate to drive projects, solve problems and exchange critical information. Ineffectively lead meetings, however, can be complete time wasters, undermining the group's productivity and buy-in. The reality is that virtual meetings require even more rigor and understanding of facilitative techniques than in-person meetings.

Whether you are new to leading meetings or are looking for ways to get your group discussions to be more engaging and productive, our Intro to Facilitating Virtual Meetings workshop will introduce you to pragmatic tips, templates and best practices you can apply in your very next meeting.
