

Lead Inclusive, Engaging and Focused Meetings

A well-run meeting creates alignment, clarity and motivates a group to action. Bad meetings lead to frustration, distraction, and a disengaged staff. With many teams working in a hybrid format, the skills needed to structure, engage, and guide a group through collaborative, engaging meetings has never been more important.

Whether you're new to facilitation or have years of experience, this workshop provides a unique opportunity to enhance your mastery of any group situation. Learn essential skills from certified, master facilitators in a dynamic and totally interactive learning environment.

"This workshop was a carefully perfected blend of content, process, and opportunities to practice in a safe and supportive environment that encouraged risk taking and reflection. Top shelf!"
